

Technical Information Bulletin – Motorsport Australia (CAMS) Mandatory Rain Light

APRA Management would like to remind any competitors that are entering Round 1 of the MRF Tyres, APRA Championship that this is a Motorsport Australia (CAMS) sanctioned event. All vehicles competing in this (and any other Motorsport Australia (CAMS) events as of January 1st 2020) must have a rear facing rain light fitted as per CAMS Manual - General Requirements of Automobiles Schedule C.

The following is an extract from the CAMS Manual - General Requirements of Automobiles Schedule C.

Each automobile be fitted with a rearward facing red warning lamp (rain light) which must be clearly visible from the rear and mounted not more than 100mm from the centreline of the automobile. Each lamp must:

- (i) be of at least 15 watts or an LED lamp with FIA and/or Motorsport Australia approval may be used and may strobe;*
- (ii) have a minimum surface area of 20cm² and a maximum surface area of 140cm²; and*
- (iii) be able to be switched on by the driver when normally seated in the automobile.*

A full list of approved rain lights is available on the Motorsport Australia Website or at the following link.
